**Excellent course, will be recommending it to all my colleagues.**

*Course Delegate (Jan. 2024)*

**I thought the whole organisation and delivery of the course was fantastic. The lectures are fast and my brain is fried, but the outcomes for the week were well achieved ahead of the FRCS exam.** *Course Delegate (Jan. 2024)*

**Great course thank you very much. Really helpful pre-exam. Lectures were really high output and focused. Catering was by far the best catering I've had at any course.** *Course Delegate (Jan. 2024)*
